## 一、Login and Registration

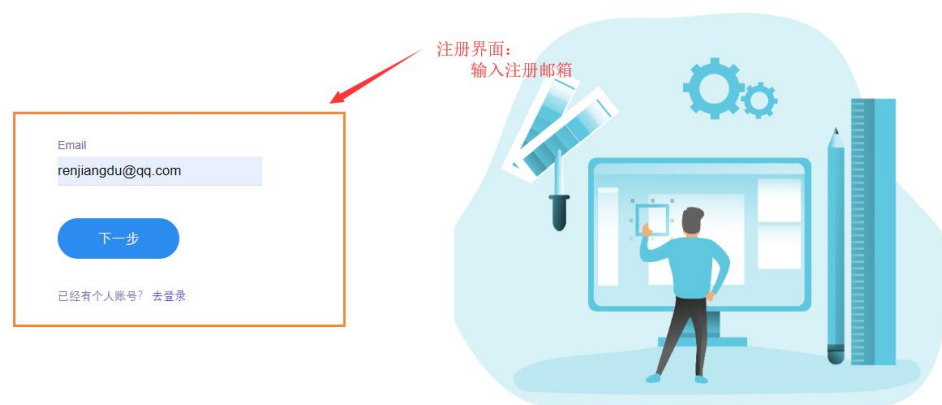

### 1. Login Interface

© 2019 Citi Project

### 2. Registration steps:

Enter the Registration Mailbox - > Click Next - > Fill in the Password

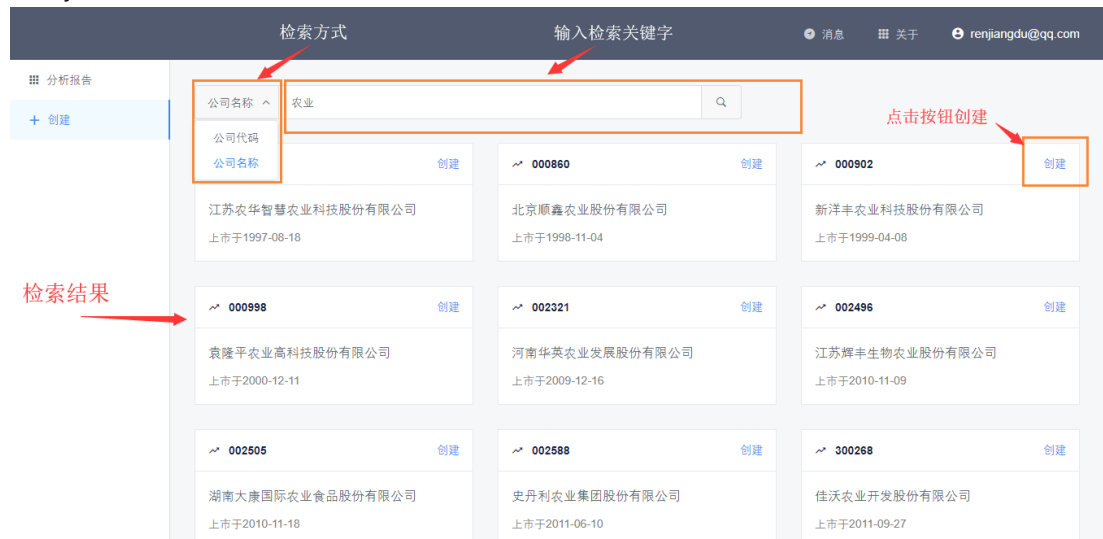

© 2019 Citi Project

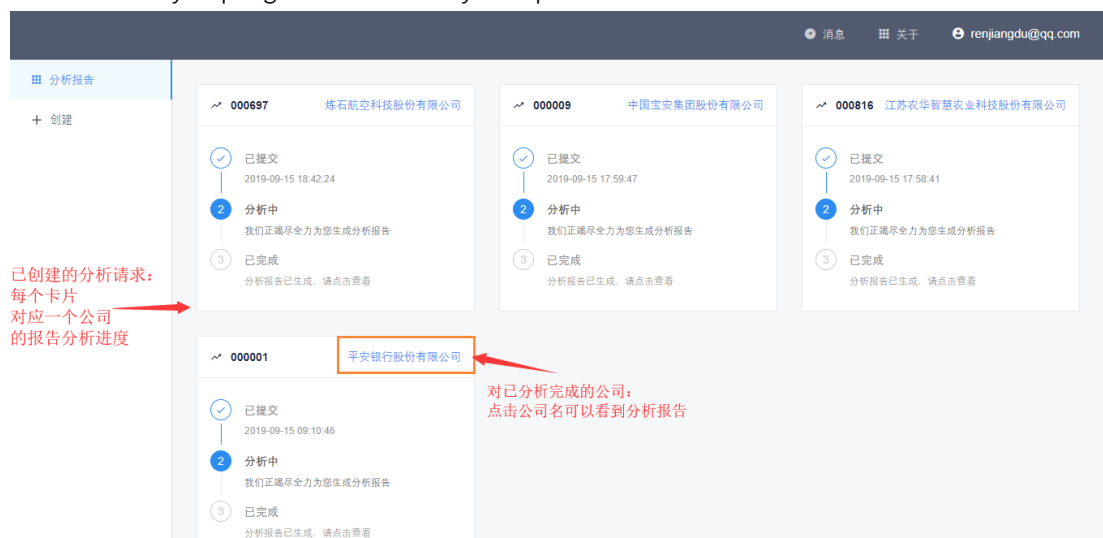

## 二、Operations related to analysis reports

### 1. Create analysis reports:

Select Retrieval Mode - > Enter Retrieval Keyword - > Click Create Button to Create Analysis Task

### 2. View the analysis progress of the analysis report

### 三、Viewing the analysis results

Click on the company name that has completed the analysis to display the analysis report. The analysis results include company name, listing time and other company information. According to the analysis of the company annual report, the indicators such as adequacy, relevance, punctuality, authenticity, as well as the average score of the industry in which the company is located and the level of stock fluctuation are obtained.
